TESTIMONY—Participating in a Friday hearing of the Democratic Executive Committee at the Hancock County Courthouse in Bay St. Louis regarding irregularities in the recent District One supervisor runoff are, from left, Attorney Claude Pittman, incumbent District One Supervisor Bert Courge, Attorney Randall Jones and Committee President Joseph Benvenuti. The committee decided to conduct a rerun supervisor election in the Waveland East and Arlington Precincts. (Staff photo by Wayne Ducomb Jr.)

Joseph Benvenuti of Bay St. Louis, the committee president, announced the decision and also reported new Waveland East and Arlington Precinct managers would be selected at a Thursday meeting at 6 p.m.

In Courge-Peterson runoff Rerun election scheduled in Waveland East, Arlington

By WAYNE DUCOMB JR.
Hancock County's Democratic Executive Committee will conduct an Oct. 4 rerun election in the Arlington and Waveland East Precincts for the County District One supervisor post.

The committee decision resulted after some 14 members of the 23-person group met secretly for 25 minutes late Friday afternoon following a day-long public hearing at the County Courthouse in Bay St. Louis.

liquid correction fluid since his recent formal inspection of the records. Jones and Courge also pointed out numerous examples of election procedure violations particularly regarding the witnessing of regular, absentee and affidavit ballots.

The hearing was requested by Bert Courge of Lakeshore, the incumbent supervisor whom the committee's official tally shows as losing in the Aug. 23 Democratic runoff to Robert B. Peterson Jr. of Clermont Harbor by 18 votes.

Land Owners meeting set at Annunciation

By ELLIS CUEVAS
Hancock County Land Owners Association will meet Monday, Sept. 26, 7 p.m. at Annunciation School in Kiln, according to Louis J. Breaux IV.

to call Breaux at 255-7158. In reference to the meeting, Liddell issued the following statement:

Joseph Benvenuti of Bay St. Louis, the committee president, announced the decision and also reported new Waveland East and Arlington Precinct managers would be selected at a Thursday meeting at 6 p.m.

Breaux, the Hancock County spokesman, is a member of the executive committee of the Mississippi Land Owners Association.

"The proclamation that a person's property shall be from the reaches of the sky to the center of the Earth surely takes into consideration all minerals in between."

He invited Peterson and Courge to each submit a list of suggested managers to the committee at that time.

Jim Liddell, executive director of the state organization, is scheduled to attend the Hancock County meeting. Breaux said, "The Land Owners Association is seeking a change in the severed mineral rights of land owners. We are trying to help the 'little man' and we hope many land owners will attend this important meeting."

"Yet, it is the curious custom and law of Mississippi that minerals may be legally severed from the surface land, sold - permanently - to people and businesses other than the surface land owner, and remain undeveloped and untaxed; while the surface land owner not only must pay all of the property taxes, but must set aside his activities should there come a time when the mineral owner decides to develop his interest."

Leo Seal of Bay St. Louis, committee secretary-treasurer, also requested the candidates consider reducing the number of poll ballot boxes to two at each precinct for the election.

Breaux indicated a big move will be pushed to have legislation changed in regards to mineral rights in the state.

"It is the purpose of the Mississippi Land Owners Association to correct this unjust, inequitable, and unfair situation."

Hancock Chamber Morning Edition speaker listed

Mary M. Perkins, community relations director for Hancock General Hospital, will be guest speaker at the Chamber of Commerce Morning Edition Coffee Thursday, 7:30 a.m. at the Landmark Townsquare Restaurant.

Breaux allowed. The state association has been meeting in recent weeks formulating bylaws for the operation of the organization, Breaux said.

"We are studying the laws of Louisiana, Florida, and Indiana to determine how they may be tailored to the needs of our State. We are conducting legal research into the actions taken in MINERALS—Page 5A

NAVOCEANO EXPANSION—The Naval Oceanographic Office (NAVOCEANO) reports construction of a new \$4.2 million building at its headquarters at the National Space Technology Laboratories (NSTL) in Hancock County is expected to start in early January 1984 with occupancy scheduled for July 1985. Employing almost 1,000 civilians and 200 military personnel, NAVOCEANO is the largest activity at NSTL. Presenting a

model of the new building is Robert E. Farr II of Cooke, Douglas, Farr, Ltd. of Jackson, architects on the project. Accepting are, left, Captain Charles H. Bassett, commanding officer of NAVOCEANO and Captain Johnny J. Sears who assumed command of NAVOCEANO at change of command ceremonies Saturday.

Naval Oceanographic office welcomes new commander

By JUNE M. HEYDT
A Change of Command and Retirement ceremony was conducted for the U.S. Naval Oceanographic Office at the National Space Technology Laboratories (NSTL) Station in Bay St. Louis, Friday morning.

visibility so there can be no doubt of our determination to prevail...in time of threat," Mooney said.

Mooney, "Permission granted." Four bells ended the ceremony. The marine band played 'Anchors' NAVY—Page 5A

Captain Charles H. Bassett Jr. was relieved of his command and Captain Johnny M. Sears will be the new commanding officer.

Mooney then directed his speech to Mrs. Charles Bassett and said, "The spouses are too often neglected, they should be recognized for their love, understanding and support."

Delinquent tax sales set for Monday

By ELLIS CUEVAS
A Delinquent Realty Tax Sale will be conducted Monday at the Hancock County Courthouse, Bay St. Louis by Edward D. Murtagh Jr. assessor-tax collector.

Mooney said that Bassett's retirement and relief of command will be a loss for the Navy. He also offered his personal thanks for the job Bassett has done at the Oceanographic Office and wished him luck in his new career.

The ceremony proceeded with Capt. Bassett facing Capt. Sears and saying, "I stand ready to be relieved."

The sale will be conducted within legal hours, at public outcry to the highest bidder, for cash, lands delinquent for the State, all General County Funds, delinquent Bridge Fund Taxes together with fees, penalties and damages on delinquent taxes.

News Brief

FARM BUREAU MEET

Obituaries

CHARLES W. KOCH

Funeral services for Charles W. Koch of Algiers, La., were conducted at 11 a.m. Saturday at Mothe Funeral Home Inc., 1300 Vallette St., Algiers.

Interment was in the Logtown Cemetery, Logtown, Miss.

Mr. Koch, 64, died Wednesday, Sept. 14, 1983 in Algiers after a long illness.

He was a native of Logtown, and a resident of Algiers for 46 years. He was a chief marine engineer on the Mississippi River for 44 years, and was employed by the Coyle Lines of Algiers, the American Commercial Barge Lines of Jeffersonville, Ind., and North American Trailing Co. of Chicago.

Mr. Koch was a Navy veteran of World War II.

Survivors include six sisters, Nettie Griffin, Camille Newcomb, Nell Kostella and Johnnie Mangum, all of Algiers; Mary Ann Ruffin of LaPorte, Texas, and Leo Rosche of Tampa, Fla.

WILLIAM EARL SCHNELL

Mr. William Earl Schnell, 66, a resident of 5014 Pine Street, Wilmington, N.C., died Saturday Sept. 17, 1983.

Arrangements are incomplete at the Edmond Fahey Funeral Home in Bay St. Louis.

JAMES SMITH

James B. Smith, 71, a resident of 375 Clarence Ave., Pass Christian, died Thursday, Sept. 15, 1983 in Pass Christian.

His funeral was conducted Saturday at 10 a.m. at Riemann Funeral Home in Pass Christian, where visitors called an hour before services.

Interment followed in Live Oak Cemetery in Pass Christian.

Mr. Smith was a native of Pass Christian and was a retired store clerk. He was a member of Trinity Episcopal Church in Pass Christian.

Survivors include three cousins, Mrs. Adrienne McCallister of Norfolk, Va., Mrs. Dorothy Andrieux and Mrs. Naomi Saucier Davis, both of Pass Christian.

CAPT. CHARLES H. BASSETT JR.

CAPT. JOHNNY M. SEARS

LaFontaine

FAMILY REUNION

Descendants of Cadet LaFontaine and Celeste Farve, are invited to attend the LaFontaine family reunion that begins at 9 a.m. on Saturday, Sept. 24 at Buckner State Park in Waveland.

Each family is asked to bring a picnic lunch and beverages. Entertainment, including music and games are planned.

Anyone planning to attend or needing more information please contact Mrs. Tuleter Oliver at 228 Washington St., Bay St. Louis, Ms. or phone 467-3780 or Beverly Ladner, 467-7803.

SAVE TREES

Before cutting down a dying tree on your property, think about this. There are over 80 species of birds that only nest in dead or dying trees, such as red-bellied woodpeckers, screech owls and chickadees, says National Wildlife magazine. In return for supplying them a home, they'll eat many of these pesky insects around your neighborhood, including mosquitoes.

JUST WHEN YOU NEED US MOST

IN AN EMERGENCY!

You are awakened from a pleasant dream by the sound of choking in the baby's room...The electric hedge trimmers slip, and your finger is seriously cut...Your father clutches his chest and begins gasping for breath. Few people are ever ready for an emergency...at Hancock General Hospital we are. Our emergency room is staffed with licensed physicians, highly skilled nurses and medical equipment...all on a 24-hour basis. At Hancock General, we know that an accurate diagnosis at emergency speed is imperative. For this reason, the emergency room of HGH is never without an MD, because only an MD can accurately determine illness and injury and make decisions on treatment. These doctors, assisted by trained, emergency room, professional nurses, provide you and your family with the best in emergency room care. HGH's emergency room communication system is linked with not only Mobile Medical Ambulance Service, but with such health-help agencies as the Poison Control Center in Jackson. In 1982, HGH treated over 7,000 emergencies. So whether your emergency ranges from a head ache to a broken bone, a foreign particle in the eye to a fish bone in the throat, HGH is ready. Whether your emergency is medical or traumatic, HGH is ready. You may not be ready when an emergency occurs, but let it comforting to know that HGH is always ready. **JUST WHEN YOU NEED US MOST!**

COURTROOM CROWD OVERFLOWS—Some 90 witnesses ordered to appear at a Democratic Executive Committee hearing Friday regarding the District One supervisor election jam into the Hancock County Courthouse courtroom as Attorney Randall Jones, standing left, reads a list of those individuals. Also participating in the hearing are, seated from

left, Hancock Election Coordinator Charles Gottschalk, County Circuit Clerk Jerry Heitzmann, incumbent District One Supervisor Bert Courge, Attorneys Malcolm Jones and Claude Pittman, and the apparent Democratic District One supervisor nominee Robert B. Peterson Jr. (Staff photo by Wayne Ducomb Jr.)

Election

CONTINUED FROM PAGE 1A

Jerry Heitzmann, county circuit clerk and registrar of voters, testified that a list of felons has not been maintained properly for 20 years, but this record is now up to date and felony offenders are being removed from voter rolls.

Heitzmann also said his interpretation of law is that absentee ballots voted in his office need not be signed by a witness.

In addition, he testified that the roll book alterations resulted from correction of errors stemming from the recent countywide redistricting.

In an interview just after the hearing, Heitzmann said the apparent dead and duel-voting probably resulted from poll workers accidentally marking the wrong line in voter registration books.

Charles Gottschalk of Bay St. Louis, county election coordinator, testified that news reports in The Sea Coast Echo accurately described voter pro-

blems expected just before the recent elections resulting from redistricting.

He said about 6,000 of Hancock's some 18,000 registered voters were effected in some way by redistricting.

Courge and ultimately the committee felt the most extensive violations occurred in Arlington and Waveland East.

The prime violation in Arlington resulted when it was discovered by testimony that an unauthorized individual with the same initials, initiated several ballots.

Jones said state law requires that only the poll manager witness ballots.

In Waveland East, a newly-formed precinct, Courge said he discovered the four deceased who apparently voted in both elections, 10 citizens who had voted in different precincts from one election to another, five who had apparently cast ballots in two precincts in one election, numerous procedural

violations and the number of ballots-recounted did not coincide with the official total number reported.

In addition, proper certification documents to comply with the Mississippi Corrupt Practices Act of 1935 were not found in the precinct boxes.

Jones said the voting felons were discovered in the Clermont Harbor Precinct.

Pittman in his closing remarks attributed the violations to human error and said the runoff results reflected the will of the voters.

Jones noted that Courge's 15-hour inspection of poll boxes narrowed Peterson's lead to eight votes, so another election might change that figure again.

Malcolm Jones said in his remarks that every voter must have an authorized individual initial a ballot as a witness before it is placed in a poll box.

ST. CLARE STUDENTS SEE THE NEWSPAPER—Randy Ponder, Sea Coast Echo general manager, shows 8th grade students from St. Clare's how a newspaper is run. Ponder explains how the paper is run off the press. Betty Bensabat, 8th grade English teacher, said the class plans to produce its own newspaper and is seeking to learn how to do it. (Staff photo by June M. Heydt)

ETV Brief

"Orangutans—Orphans of the Wild," a "Survival" special on ETV, takes a closeup look at the orangutan and the efforts being made to save its species from encroachment at 6 p.m., Saturday, Sept. 24, on the Mississippi ETV Network. It was first seen on ETV last November.

Narrated by Peter Ustinov, the documentary was filmed in the rain forests of Sumatra, Indonesia, by Dieter Plage, the award-winning cinematographer who won acclaim for his wildlife documentaries "Gorilla," "Leopard of the Wild" and "Last Round-up of the Elephants."

The program also examines work being done at an orangutan rehabilitation center in Sumatra, headed by the World Wildlife Fund, where zoologists rescue, raise and release orphaned orangutans, forming captive orangutans into the wild again.

World's Fair attendance projected in ticket sale

The American Automobile Association (AAA) has purchased \$4 million worth of general admission tickets for the 1984 Louisiana World Exposition.

The bulk ticket purchase is the largest single purchase of exposition tickets by any tour or travel organization, according to Bob Fry, director of public affairs for AAA Central Gulf.

The price represents the cost of more than 250,000 general admission tickets. AAA and its affiliated clubs throughout the United States and Canada will begin selling the tickets in late December to AAA members as a part of package

tours or through direct sales.

The world's largest auto club has also established the only central reservation system for obtaining accommodations during the exposition. That system will be used exclusively by AAA members. The center will be located at the AAA office in Metairie.

About 150 AAA travel agents, travel counselors and motor coach tour

operators from 80 AAA clubs in the U.S. and Canada have just completed a travel counselor's workshop in New Orleans to learn about the exposition.

The American Automobile Association is a federation of 168 affiliated motor clubs with more than 23 million members. Service is provided through 750 accredited travel agency locations in North America.

ETV Briefs

COMBATING POLLUTION
Mississippi farmers, plagued by soil erosion and pollution (particularly water pollution) of their land, have developed methods of combating these problems.

"Farmweek," the television series about Mississippi agriculture, will focus on these methods at 7:30 p.m., Monday, Sept. 26, on Mississippi ETV.

Weather forecasts, farm news, a feature story, market reports and analyses, production tips and a calendar of upcoming events are included on every "Farmweek" broadcast. The series is co-produced by Mississippi ETV and the Mississippi Cooperative Extension Service.

ROY CLARK

"Austin City Limits" concludes its Saturday night double-header schedule on Sept. 24 with concerts by Roy Clark and the Geziuslaw Brothers at 9:15 p.m. and by Michael Murphy and Ed Bruce at 10:15 p.m.

The series then moves to 9 p.m., Thursdays, beginning Oct. 20.

A man of many talents spanning many mediums, Roy Clark is one of the most awarded entertainers in the country music field. Relying primarily on guitar, Clark also plays a 12-string banjo and fiddle while displaying his down-home sense of humor.

Also, the Geziuslaw Brothers provide an off-the-wall blend of country and comedy.

Originally getting a start during the Arthur Godfrey television show, they've recorded five comedy albums and have performed with such notables as Willie Nelson, Bobby Bare, Merle Haggard, Mickey Gilley and Leon Russell.

Next up are the original "cosmic cowboy" Michael

Murphy and the Great American Tonky-Tonk Band and songwriter Ed Bruce. In addition to selections from the movie "Hard Country," Murphy performs "Still Takin' Chances," "Once a Drifter" and "Cosmic Cowboy."

Bruce performs "The Man That Turned My Mama On," "Girls, Women and Ladies" and "Texas When I Die."

Quotables by CUEVAS

There is a need for two Girl Scout leaders at the Waveland Elementary School, according to Marilyn Hille, program coordinator.

The positions open are for a Brownie and Junior leader.

We are hoping there are at least two parents who could provide the leadership needed by these two troops.

Girl Scouting programs, like Boy Scouting keep our young children busy and out of trouble.

Persons interested can contact Mrs. Hille at 467-5217.

Last Sunday we had a nice conversation with Bill and Kathleen Terry, former residents of Bay St. Louis. Both were teachers in the Bay St. Louis Separate Municipal School System.

The Terrys have changed occupations, and are now operating the Passport Inn on I-55 North in Jackson.

We enjoyed our visit with our old friends and recently had an opportunity of lodging at their motel while in the capital city.

Bill and Kathleen said their stay was short, but wanted to say hello to all of their friends in the area.

It seems we are getting closer in having a commuter service once again running through Hancock County.

The news was good on Friday that a tentative approval was given in Washington for a New Orleans to Mobile passenger rail service for at least a year.

It seems the only thing now needed is \$143,000 each from the states of Mississippi, Louisiana, and Alabama.

We are hoping these funds will be made available.

There are changes in times, and also in the habits of residents, but we, like so many of the residents can remember the amount of activity which was developed around the railroad not so many years ago.

Driving to New Orleans during the rush hours is a nightmare now. Just think what it will be next year with the World's Fair.

Delmar Wilcox of Waveland has been working very hard to secure this commuter service, as well as other appointed representatives from the three states.

We are hoping that Amtrack will provide the service and the residents of the areas will give their support.

While on the subject of the World's Fair, (Louisiana World Exposition) scheduled for 1984—the American Automobile Association sure will be sending a lot of folks to New Orleans.

We received a news release on Thursday indicating the Automobile Association has purchased some \$4 million worth of general admission tickets.

This is reported to be the largest bulk purchase of tickets by any tour or travel organization; in itself it will mean some 250,000 admissions alone to the fair.

All reports indicate there will be additional millions of persons who will visit New Orleans for the World's Fair, and many will be seen in Hancock County.

Heart Answers

WHAT IS
CORONARY
BYPASS SURGERY?

Coronary artery bypass surgery improves the blood supply to the heart muscle when narrowed coronary arteries have reduced the flow of oxygen-rich blood to the pumping heart. This reduction in blood flow may cause chest pain and lead to an increased risk of heart attack. Coronary artery bypass surgery involves constructing detours for the blood to bypass obstructed portions of coronary arteries to keep the heart muscle supplied. Non-essential veins taken from other parts of the body, usually the legs, are grafted onto the coronary arteries to provide detours around the obstructed area. Contact your local American Heart Association for more information.

LETTERS TO THE EDITOR

If it concerns you, it concerns us

Gulfport attorney outlines measures to prevent development of barrier islands

Sept. 13, 1983

Dear Editor:

The following "letter to the editor" concerning proposed development on the Mississippi barrier islands is hereby submitted for your consideration. It is hoped that it will be printed in an attempt to increase public awareness to the growing developmental threat to coastal wetlands.

We often take for granted our greatest assets until they vanish or are at the risk of being lost. Such is the case of our wild, beautiful and undeveloped coastal barrier islands.

It is, therefore, saddening to recently read of developmental plans for Cat Island by several out-of-state corporations planning private satellite launching facilities ("Firms get together for island space venture", The Sun, Sept. 8, 1983).

Previous heartbreak came with the reporting of the pending destruction of Deer Island as we know it for a residential resort by a Florida land developer ("Deer Island developer reacquires property", The Sun, May 6, 1983).

These unique islands are priceless to all of us for the protection they provide to the coast from storms, wildlife habitat, nursery areas for sport and commercial fisheries, an infinite variety of recreational uses for all Mississippians, and the revenues from tourists seeking that special combination of lifestyle and beauty that makes the Mississippi Coast unique.

However, once the islands fall prey to the bulldozer, they are lost forever. Geological studies show that once development disturbs the delicate balance of barrier islands they are at risk of natural break-up and destruction.

Progress in our state is essential. The simple fact of the matter is that certain types of development are incompatible with certain sites. Yes, let the construction begin. But not in locations where we all suffer in the future.

As these islands are largely owned by private interests, is there anything the public can do to save them? Definitely! Any number of approaches can be undertaken.

Tough, environmentally sensitive coastal zone management legislation and land use laws could make such development impossible. Mississippi's current legislation in the area is woefully inadequate. Thus, we will continue to read daily of plans to drain yet another wetland or bulkhead a bayou in the name of a new condominium.

Federal acquisition for inclusion in

such programs as the National Seashore System of wildlife sanctuaries is a possibility.

State acquisition is another suggestion. The Mississippi Wildlife Heritage Committee (P.O. Box 451, Jackson, MS 39205) is an example of a state organization operating under a mandate of the legislature to search out, purchase and preserve unique natural lands for wildlife habitat and public recreation.

Models abound whereby new tasks or agencies can be shaped to meet the preservation need. The California Coastal Conservancy is an example of a state agency that has used a variety of innovative approaches to save sensitive coastal properties.

The Conservancy works with private owners through land swaps, public access agreements and rights of way, advantageous tax plans, outright purchases, and expertise in minimizing environmental and esthetic impacts in eventual development.

Private purchase is yet another alternative. The Nature Conservancy (1800 North Kent Street, Arlington, Virginia 22209) is a national non-profit organization that was formed for just such a situation as the threat to Deer and Cat Islands.

It quickly puts together a financial package to save endangered areas when commercially threatened. The islands could then be saved in their natural state until local conservation or governmental entities wade through the years of fund raising and red tape necessary to take over the lands.

One of their local success stories—the Pascagoula River hardwood forest.

Finally, legal approaches such as eminent domain or the public trust doctrine are not theoretically out of the question when applied in an innovative manner.

None of these methods are easy or quick. They can be accomplished only with a serious lobby effort on the part of a concerned public directed to your congressmen, state and local elected officials, state agencies, and similar organization to those noted above.

Without that type of public action and effort, then scout camping trips, crabbing, beach combing, floundering, scientific research, birdwatching, fishing, sunbathing and just wandering free on our barrier islands will exist only in fondly remembered stories to our children and grandchildren of the good old days on the Mississippi Gulf Coast.

Sincerely,
William L. Black III

Animal Shelter eliminates need to abandon animals

Sept. 13, 1983

To the Editor:

I'm writing this in the hope it will be seen. I know it is not the first of its kind. I want to urge these people who dump animals to take one extra step and put them in the pound.

It is the least you can do. If your pet is giving you trouble and litter, have them put in the pound.

If your real pet, your kitten or puppy, is giving you trouble, is one of the few you dumped.

His teeth were knocked out when you tossed him.

He was scared, wet, and dehydrated at the side of the road.

You may think you gave him a chance. You didn't, but I will.

At least at the pound he will be fed and have a clean, dry place to stay.

If he is put to sleep, he will be put to sleep in a humane way.

It is hard to do what is right.

People, not politicians, should select new hospital site

Sept. 15, 1983

Editor

The Sea Coast Echo
Bay St. Louis

Dear Sir:

The new Hancock General Hospital site should be decided by the people, not

Mayor Bennett, the hospital board, or supervisors, especially since politics has now entered the issue.

Let's put it to a vote so we, the people, can decide where it will be.

Sincerely,
Inez Gustafson
Waveland

Visitor's wallet returned, finder's honesty commended

Sea Coast Echo
Bay St. Louis

While visiting in your town a few weeks ago, I left my wallet in the telephone booth outside Scaffidi's Wheel Inn restaurant.

If you will publish this, I would like to use this means to thank the lady who

found my wallet and left it with the proprietor of the restaurant.

Since she didn't leave her name and address I couldn't thank her personally. Her honesty will forever be appreciated. God bless.

Thank you,
Mrs. Hazel M. Jordan
English, W.Va.

Governor's Safety Program urges auto seat belt use

The "second collision" is what usually injures and kills persons involved in a motor vehicle accident, according to the Governor's Highway Safety Program.

This second collision occurs when occupants of the vehicle who are not wearing safety belts are thrown into the vehicle's windshield, steering wheel, doors, dashboard or other interior surfaces.

"These surfaces become instruments of death when individuals are thrown against them with the forces generated in a vehicle crash," said Roy Thigpen, the governor's representative for highway safety.

"If you're not wearing a safety belt, you could be the victim of a second collision in virtually any type of vehicle crash," Thigpen said. "In a roll-over crash, you would bounce back and forth against the vehicle's roof, doors and floor. In a side impact crash, you would slide across the seat toward the point of impact and hit the vehicle's door, side pillars or door windows. If the vehicle is struck from behind, the force of the crash would press you against the back of your seat. If your head restraint as well as your seat belt were properly adjusted, you might not be injured as the car seat compressed to absorb energy. Without the belts, you could rebound as the seat back decompressed, bounce forward and strike the interior of the vehicle."

The second collision takes place one-fifth of a second after the vehicle has stopped, he said, and the unbelted occupant slams into the windshield or other surfaces.

"The forces on the occupant are equivalent to the forces on a human body as it hits the ground after a three-story fall."

Thigpen also noted that, during a crash, unbelted rear-seat occupants can be thrown into front-seat occupants.

In addition, second collisions can be person-to-person collisions. A child in a car seat can become a projectile in a dangerous crash if the car seat is unbelted. Occupants can become airborne and strike the interior of the vehicle.

through the windshield, fly through a door into a roadside object or be scraped along the pavement. Then, the vehicle you were in could roll on top of you or another vehicle drive over you. Your chances of being killed are 30 times greater if you are thrown from the car."

He said that the simplest and most effective protection against injury or death in motor vehicle accidents is a fastened safety belt.

"Unfortunately, very few people fasten their safety belts, and as a result, far too many persons are needlessly injured or killed," Thigpen said.

"During a crash, fastened safety belts distribute the forces of a rapidly decelerating body over a larger area of the body while stretching to absorb some of the forces," he noted. "When the car stops, you're still moving, but you are doing so at a greatly reduced speed. The remaining forces of your deceleration are absorbed safely by your body and the belts."

Noting that there are two types of safety belts, the lap belt and the lap-shoulder belt, Thigpen explained that each type provides specific protection.

"The fastened lap belt, in a crash, spreads the slowing down forces of your body across your hips. A lap belt keeps you inside the vehicle and protects you from the risks of ejection. Yet, it may not prevent you from striking interior surfaces of the vehicle," he said.

"A fastened shoulder belt spreads the slowing down forces over a larger area of the body than merely the hips," Thigpen said. "It prevents your head and chest from striking the vehicle's interior surfaces."

It's important to fasten both belts whenever you're a driver or passenger in a motor vehicle," he said. "Individuals may think that it's only on long trips that they should wear their seat belts. In fact, 90 percent of all motor vehicle deaths occur within 25 miles of home."

Thigpen said that the Governor's Highway Safety Program is currently conducting a statewide campaign to encourage seat belt use. The program is also conducting a series of public information campaigns to encourage seat belt use.

CONSTITUTION WEEK—Preparing to hang a poster at the Waveland Library noting that this is Constitution Week is Mildred Means, the librarian. (Staff photo by Wayne Ducomb Jr.)

Friendship Oak Chapter backs Constitution Week

By JOE PILET

The Friendship Oak Chapter National Society Daughters of the American Revolution is placing posters in public places throughout Long Beach, Pass Christian, Bay St. Louis, Waveland and Diamondhead to remind citizens of Constitution Week which began Saturday and continues through Friday.

The posters were made by Senior Citizen members of Carl Baldenhof's art classes in an effort to foster patriotism.

Mayors of the coastal cities have also signed proclamations requesting the populace to observe the 196th anniversary of the signing of the Constitution.

The President of the United States has also signed a similar document and

radio spot announcements are frequently on the air, featuring this celebration.

The Constitution of the United States is the oldest constitution still in active use in the world today, and the basic document of the United States Government—a government which protects individual liberties of freedom of religion, press, speech and rights of petition and assembly.

Framers of the Constitution believed in citizens' rights to live and work free from tyranny. NSDAR members, through their various chairmen say: "Let us celebrate this Constitution Week by resolving to be better informed and more alert citizens."

Revitalized oyster crop expected in 12-18 months

By WAYNE DUCOMB JR.

Fishermen will again be harvesting Mississippi Gulf Coast oysters in 12 to 18 months provided no severe flooding occurs before that time, a State Bureau of Marine Resources official reports.

An unusual fresh water influx resulting from heavy spring flooding destroyed the Mississippi Sound oyster crop.

Tom VanDevender, a fisheries biologist of the BMR in Long Beach, said Thursday morning that the bureau's clam shell distribution, then being completed on three of Mississippi's four tonging reefs, coupled with an abundance of spat sets (oyster spawn) should produce a marketable crop in 12 to 18 months.

The clam shells, provided annually with Coastal Zone Management funding and distributed based on bureau samples from each reef, create a refuge for the oyster spat sets.

The biologist reported the recent BMR sampling found 100 percent mortality among mature oysters at Square Handkerchief, Pass Marianne, Telegraph and St. Joe tonging reefs.

He explained the abundant spat sets resulted from water currents which moved spawn from surviving oysters in the Louisiana marshes to the devastated Mississippi reefs.

VanDevender reported the bureau Thursday afternoon would complete its annual distribution of 10,000 cubic yards of seed shell on St. Joe, Square Handkerchief and Pass Marianne Reefs.

He said detailed quantity distribution amounts among the reefs were not yet available, but roughly estimated that Thursday afternoon between 1,200 and 1,300 cubic yards of shell would be placed on Pass Marianne, Tuesday through Thursday morning about 6,000 to 7,000 cubic yards were placed on Square Handkerchief, and Monday through early Tuesday between 2,000 and 2,500 cubic yards were placed on St. Joe.

The shell is moved by barge over the reefs where a water jet is utilized to sweep the clams into the Sound where they settle on top of the oyster beds.

Telegraph Reef was not included in the project because samples show it contains an abundance of relatively clean shell allowing development of spat sets, VanDevender explained.

The biologist noted that the BMR is waiting for the United States Congress to approve a \$500,000 National Marine Fisheries grant which would provide about 100,000 cubic yards of clam shell to seed the Mississippi oyster reefs.

But he also cited the federal money would not be available until October at the earliest which would be too late for fall shell seeding which should be conducted in September.

The federally-funded project will probably be conducted in the early spring which is another opportune shell seeding time, VanDevender noted.

In a related matter, VanDevender reported the BMR will soon begin placing oyster shell collected from local oyster processing factories underwater at the end of public piers to create

fishing reefs.

The material will also be placed on the White House oyster tonging reef near Biloxi, he said.

VanDevender added that the bureau will soon determine exactly where the fishing reef material will be placed.

Stone hosts banquet, 32-6

Hawks eat Cat meat

By EDGAR PEREZ

Hancock North Central's Hawks ran a well-oiled offensive machine rough-shod over the Stone County Tomcats Friday night at Gulf Coast Junior College Stadium in Perkinson.

Three touchdown runs and two extra point kicks by Lydell Curry; a Scott Favre to Gary Fricke touchdown pass, and a six yard scoring dash by quarterback Favre gave the Hawks a scoreboard total of 32.

His adrenalin pumping, Favre was attempting to engineer a shoutout with Stone County unable to penetrate a rock-solid Hawk defense.

But late in the evening Mark Cockrum broke loose on a 45 yard run to post a solitary six for the Tomcats with only 56 seconds left in the game.

Hawk Split End Adrian Burton broke up a two-point try by Cat Tracy Johnson, sealing Hancock's 26-point victory margin in its first Deep South Conference encounter of 1983.

Curry contributed 120 yards rushing to the Hawk total of 158. The Tomcats picked up 104 yards on the ground with the bulk of that total credited to Johnson.

Favre tossed 11 times for five completions and 75 yards, including his 42-yard needle-threading touchdown bomb to Fricke 4.5 minutes into the fourth quarter.

Cat Quarterback Stevon Moore connected on seven of 11 aeriels for 55 yards.

Both passers threw one interception each.

The Hawk offense totaled 233 yards with 11 first downs. Stone managed only 159 yards with seven first downs.

"I don't remember seeing Hancock play that well on both sides of the football in a number of years," said Irvin Favre, Hancock head coach, in a post-game assessment of his team's big win Friday.

"Our boys played an outstanding game both ways—the offensive and defensive groups played a heck of game," Favre said.

"With a full team effort like that it's hard to lose," the coach feels.

"We figured it would be a close game, and we knew we could win," Favre revealed.

"But when you do the job well on both sides of the football like the Hawks did tonight, you can come up with a surprising win like this."

"Who would have expected 32-6, if anyone would have offered me Stone and 25 points I might have taken some of that," effused Favre who is slated to move into the DSC statistics with a win.

Favre was also pleased with the Hawk kicking game which included the two extra points by Curry and a 40-yard punt by Fricke.

"Our enthusiasm was real high—a big turn-around from last year when they beat us 28-2," the coach noted.

A 15-yard holding penalty against the Tomcats late in the first quarter followed by a Mickey Kiehm fumble recovery gave the Hawks a first and ten at the Stone 20, setting up Curry's first TD run.

A Curry run for seven and a Favre-to-Darrin Ladnier pass put the Hawks on the Cat five.

Four seconds into the second period Curry swept around left end for the score.

Stevon Moore broke a two point try when he knocked down a Favre toss to Tony Guidry.

Favre connected with Ladnier and Guidry to set up the second Curry touchdown from the Stone one-with 3.5 minutes left in the half.

Curry kicked for one posting a 13-0 halftime lead for the Hawks.

The Hawks returned to the field after intermission chanting, "What we gonna eat?—Cat Meat; Cat Meat."

Monty Overstreet set the table for the feast when he bobbed a low snap on a punt situation, giving the Hawks first and ten at the Stone 17.

Curry, Fricke and Mark Jackson led the birds to dinner, pushing the ball down to the five where Curry served the entree with 7:18 left in the third period.

A two-point dessert went unserved when a Scott to Darrin attempt failed. The Hawks headed into the final period with a 19-0 lead.

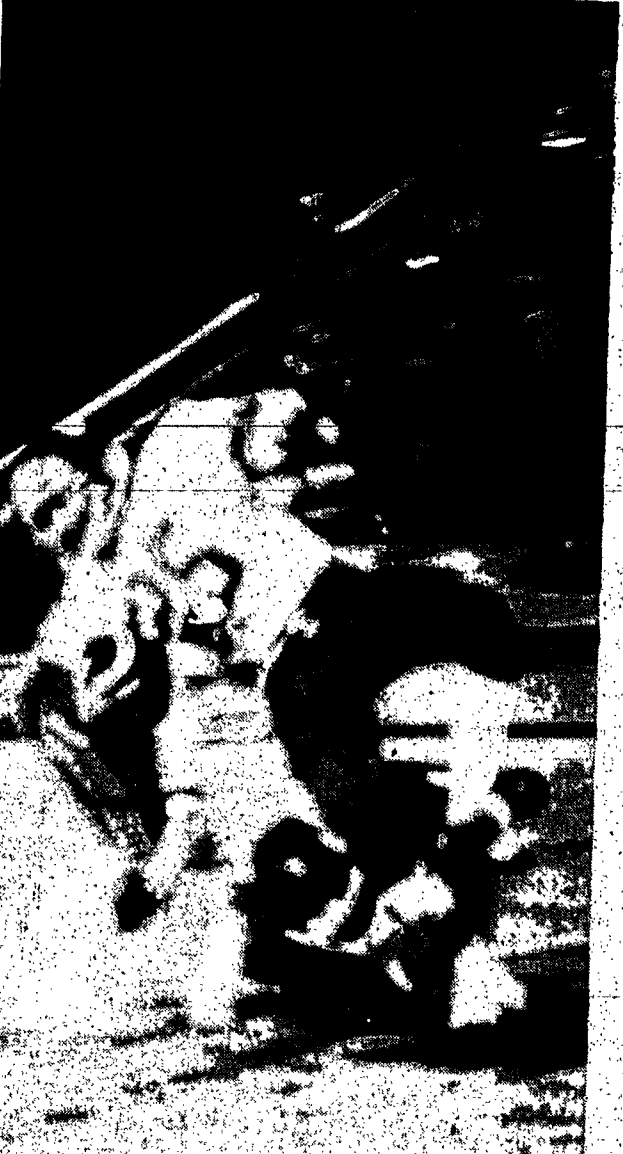

Favre put the Hawks on the board in the fourth period with a six-yard gambol following a 12-play drive from mid-field.

Mark Jackson was nailed after taking a pitch out trying for two points, and the Hawks lead remained at 25-0.

The tight HNC defense bottled the Cats at mid-field, giving Favre his long shot at Fricke from the Stone 42.

The six-point connection put the Hawks out front 31-0, and Curry completed his second conversion kick to set the figure at 32-0.

With only minutes to play, Scott Favre's coveted shutout appeared a certainty, until Cockrum slipped through and outdistanced the Hawk secondary to score.

Pirates stomp Yellowjackets, 18-6, for first 1983 victory

By WAYNE DUCOMB JR.

In a surprising action-packed game the Pass Christian High School Pirates defeated the St. Martin High School Yellowjackets, 18-6, at Francis S. McDonald Stadium in the Pass.

Pass Christian's victory is the first this season under the leadership of new Head Coach Kenneth McKinney who began working as at the Pirate mentor just three weeks before the first 1983 game.

The awesome Pirate defensive squad set up every Pass score by causing St. Martin to repeatedly fumble away the ball deep in their own territory.

Pass Christian scored 12 points early in the first quarter and the remaining six in the second period.

The Pirates, few in numbers and with several key backfield players benched due to injuries, apparently worked to score those points early in the game before the energy of team members playing both offensive and defensive positions waned.

The overrated St. Martin brought a typically large but lumbering team of about 42 players with more than half of

them tipping the scale over the 160-pound mark.

In the second down of the game the Yellowjackets fumbled the ball on their own 32-yard-line where Pass Lineman Quinten Brown recovered the ball.

Then in three downs the Pirates marched to the St. Martin two where Quarterback Joey Rogers bulled over the goal line for six.

St. Martin defenders blocked the Pass' extra point attempt.

Another Yellowjacket fumble on their initial first down after the Pass kickoff was

recovered by Lineman Chris Vincent on the St. Martin 23.

Pass Christian again within three downs moved to the Yellowjacket nine where Back Omar Saahir scampered through a big hole opened in the middle St. Martin line for the next TD.

But the PAT attempt sailed just to the left of the uprights leaving the score at 12-zip.

The final Pass score occurred about five minutes before halftime.

St. Martin had the ball in a first and 10 situation on their own 30. Yellowjacket Quarterback Jeff Renshaw threw

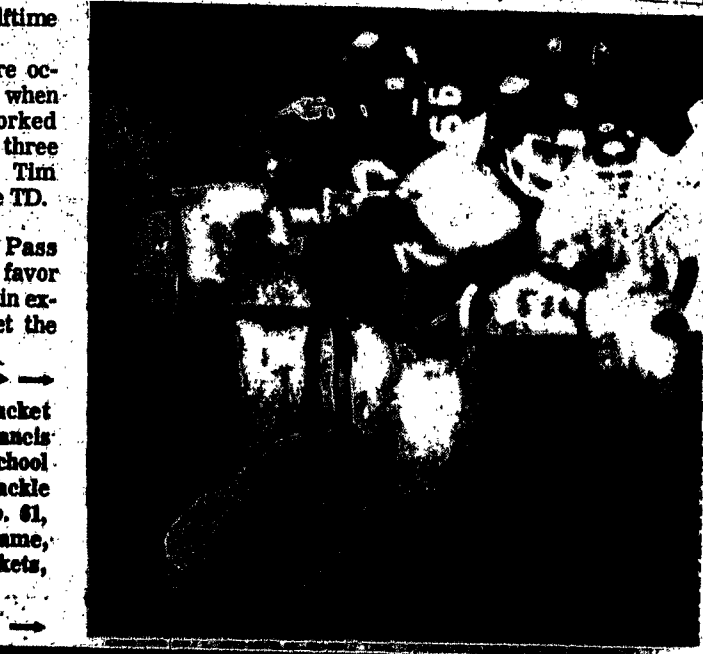

what was intended to be a quick screen pass to the left side for Running Back Steve Walton, but the ball sailed way over Walton's head, hit the ground and quick-thinking Pirate Tight End Rodney Conway scooped up the bouncing ball (considered a fumbled lateral when behind the line of scrimmage) on the 25 yard line and scampered all alone in for the TD.

A botched Pass fake field

goal attempt set the halftime score of 18-nothing.

St. Martin's only score occurred in third quarter when the Yellowjackets worked their way to the Pirate three where Running Back Tim Simer sneaked in for the TD.

But the riled up Pass defenders returned the favor and blocked the St. Martin extra point attempt to set the game score of 18-6.

HI GUY!—Sacking St. Martin High School Yellowjacket Quarterback Jeff Renshaw in a Friday night game in Francis S. McDonald Stadium in Pass Christian is Pass High School Pirate Lineman Chris Vincent, No. 64, as St. Martin Tackle Owen Rucker, No. 63, and Guard Tommy Dimitry, No. 61, helplessly watch from the sideline. The Pirates won the game, their first win of the 1983 season, against the Yellowjackets, 18-6. (Staff photo by Wayne Ducomb Jr.)

Pass Christian's victory is the first this season under the leadership of new Head Coach Kenneth McKinney who began working as at the Pirate mentor just three weeks before the first 1983 game.

Tigers fumble game to PRC

By RANDY PONDER
Pearl River Central exploded for 425 yards of offense, blasting the mistake prone Bay High Tigers, 28-7, Friday night in high school football action at Bay St. Louis.

The first home game of the season proved to be a disaster for the Tigers as a capacity crowd watched their favorites suffer through six turnovers, five fumbles and one pass interception.

Pearl River Central had great field position all night while Bay High spent most of the contest bottled up deep in their own territory.

The Deep South Conference game started on a promising note when Harold Gillum intercepted an errant Blue Devil pass at the Pearl River Central 20. Three plays later, quarterback Jeffrey Smith scored on a 14 yard keeper around the left end. Stace

McRaney added the extra point and with less than two minutes gone from the clock, Bay High had grabbed a quick 7-0 lead.

It took the Blue Devils only five plays, however, to thrust the ensuing kickoff 60 yards downfield for their first touchdown, a 19 yard gallop by ever dangerous Chip Johnson. The PAT was wide of the mark, leaving the Tigers on top 7-6 mid-way thru the first quarter.

Bay High was unable to move on their next possession and following a short punt, Pearl River Central had the ball on the Tiger 35.

In spite of the final score, the Bay defense did an outstanding job and on this occasion stopped the Blue Devils cold.

After taking over on downs, the Tiger's offense gave the pigskin right back to the

visitors with a fumble on the Bay 27.

Pearl River Central advanced to the 10 but three consecutive defensive gems prevented a score. Eddie Nelson broke up a pass in the endzone, Willie Lewis and Nelson combined on another pass deflection near the goal, and finally on fourth down Darrin Smith knocked the ball from the hands of a Blue Devil receiver in the endzone.

The Tigers took over on their own ten and promptly fumbled the ball again as the first period ended.

With a first and goal at the Tiger seven, the Blue Devils' excellent scoring threat was thwarted when Steve Gosciniski intercepted a pass in the endzone to keep Bay High in front 7-6.

Four plays later the Tigers managed to fumble once again and the Blue Devils quickly pounced on the loose ball at the Bay High 39.

After several missed opportunities, the Blue Devils would not be denied. Quarterback Gerald Tillman dived across the goal following a ten play drive, overcoming a 15 yard penalty for holding in the process, to claim the lead for good. A two point conversion attempt failed and at the 5:05 mark of the second stanza, Pearl River Central was on top 12-7.

A 25 yard field goal by Sidney Hostetter upped the Blue Devil advantage to 15-7 at the end of the first half.

Pearl River Central added two touchdowns early in the third quarter to put the game out of reach.

On their first possession of the second half, the Blue Devils marched 54 yards on a drive saved by a critical Tiger miscue. A roughing the punter penalty gave PRC a first down and the ball back after Bay High had apparently held and forced the Blue Devils to punt. Two plays later Jonathan Carter pulled in a 22 yard pass for the points. The PAT was unsuccessful and the visitors padded their margin to 21-7.

Following the kickoff, Bay High fumbled for the fifth time, all recovered by the Blue Devils, setting up another easy touchdown for their opponents.

Tillman got the six on a quarterback keeper up the middle. Hostetter booted the extra point thru the uprights

and PRC had grabbed a commanding 28-7 lead.

Eddie Nelson intercepted a pass in the endzone early in the final frame to stop a PRC drive that had covered 87 yards and consumed several precious minutes off the clock.

The Tigers could not mount any type of scoring threat and when the final buzzer sounded the Blue Devils had soundly defeated a dejected Bay High football team that had won its first two games on strong defensive efforts.

The Tigers, 2-1, will travel to Vancleave Friday night to face the Bulldogs in another DSC matchup. Game time is 7:30p.m.

Team effort pays off

Stanislaus takes Mobile in hard-fought contest

By JUNE M. HEYDT
St. Stanislaus Coach Vernon Powell was right when he said the Rock-A-Chaws were "ready" for the game against the Mobile County High School Tigers—the Rocks took it 8-7.

During the third quarter, amid loud screams and cheers from the Stanislaus stands, No. 22 Russ Betcher, split end, caught a pass from Casey Wittmann, and ran a 71-yard touchdown for the Rock-A-Chaws.

Acting like they were going to kick the ball for the extra point, No. 55 Jimmy Thriffiley, center, snapped the ball to the expected holder, No. 10 Matt Scardino, quarterback, who jumped up and fired a pass good for a two point conversion to No. 40 Troy Flynn, fullback, who was waiting in the end zone giving the Rocks their margin of victory with an 8-7 lead in the third quarter.

The main thing to be said about the game is that the Rocks showed fantastic team work.

Earlier in the game during the first quarter after the Tigers recovered the ball at the first yard line, No. 11, Miguel Randalson, split end, made a touchdown. After kicking the ball over the goal and gaining the extra point the score was 7-0.

After the Tigers took their points, the Rock-A-Chaws started their fight making some of the best plays this season.

In the beginning of the second quarter, Jimmy Thriffiley stopped Randalson three times and No. 45 Chuck Yarbrough stopped the Tiger players once.

After recovering a fumble at the 45-yard line with 4 minutes and 58 seconds left to go in the second quarter, No. 12 Casey Wittman took the ball seven yards. No. 21 Todd Thriffiley took the ball an extra 17 yards and in the next play another 10 yards.

GET THAT BALL.—Rock-A-Chaw tailback Jerry Kelly (81) grabs for the ball before Mobile County Tigers can get their hands on it. The Rocks won against the Tigers Thursday night, 8-7. SSC Coach Vernon Powell said the defense had a great deal to do with winning the game. "The team played with class," he added. (Staff photo by June M. Heydt)

At the 16-yard line the horn sounded for the end of the first half. The Rocks were coming back hard.

In the fourth quarter, No. 61 Jordan Bradford, guard, stopped the Tigers on the 42-yard line. With the Tigers second down and 11 to go the Rocks intercepted the ball on the 30-yard line.

Todd Thriffiley hit the quarterback and caused him to fumble the ball out of bounds for a three yard loss.

No. 81 Jerry Kelly, end, grabbed the quarterback and stripped the football from him which allowed No. 75 Humberto (Nacho) Anderson, tackle, to recover the fumble.

During the game, No. 88 Millard Dupesnil, wing back, broke up several passes in the end zone to thwart the Tiger's attempts at TD passes.

With 2 minutes and 20

seconds left to go in the game, the Grand Bay, Ala. boys took over on their 30 yard line.

They proceeded to march the ball down the field through excellent passing and receiving but, were finally stopped at the Rock-A-Chaw 36-yard line on a fourth and one situation.

The Rock defense rose to the occasion and led by No. 49 Marty Sahuque, fullback, and Flynn they stopped the Tiger surge with no less than six defenders in on the tackle.

With 25 seconds left to go the Rocks took over and ran out the clock to the ultimate joy of the Rock-A-Chaw faithful.

Standing on the yard lines jumping up and down, Lewis Touts, manager, screamed, "We did it, we did it, we really did it."

The band played louder, the cheerleaders jumped higher,

and the players knew they made it.

Following the game, Coach Powell's comment about how he felt was, "Great, just great."

Powell added, "We showed a lot of class. We came back in the second half and continued to keep control of the ball. Offensively and defensively we went after them."

"The defense played a large part in winning the game," said Powell.

It's interesting to note that in the opening game the defense gave up 28 points. In the second game they lost 14 points and in their last game they gave up 7 points. If this is a trend, at next week's game against Long Beach, they probably won't give up any points.

Yea, Rocks!

GAINING YARDAGE.—Rock-A-Chaw Todd Thriffiley (21), tailback, runs with the ball to gain 17 yards in the second quarter of a game between Mobile County High School and St. Stanislaus Thursday night. Tightend Casey Wittmann (12), and Tailend David LeBlanc (82) come to the defense. The Rocks won 8-7 in a game in which the Rocks showed what they can do. (Staff photo by June M. Heydt)

Fayard, Sotak to exchange vows

KAREN FAYARD AND GARY SOTAK

The engagement and approaching marriage of Karen Louise Fayard to Gary Joseph Sotak is announced by her mother, Mrs. Marilyn N. Fayard of Waveland. She is the daughter of the late Kenneth G. Fayard Sr.

Mr. Sotak is the son of Mr. and Mrs. Jack Sotak of Bay St. Louis. The bride-elect is a graduate of Bay Senior High

School and Chris' Beauty College in Gulfport. She is employed with Styles by Shella in Waveland.

The prospective groom is a graduate of St. Stanislaus High School. He is employed with Winn-Dixie in Bay St. Louis.

The couple will solemnize vows October 8 in a 2 p.m. ceremony at St. Clare Catholic Church.

DAR supports Tamasee School

At a meeting of the Board of Friendship Oak Chapter National Society Daughters of the American Revolution, held recently in the home of that association's regent, Mrs. John Elkins, it was unanimously decided that the chapter contribute to funds promoting education and citizenship.

Tamasee, a DAR school located in Tamasee, South Carolina, is among the educational institutions selected by the chapter for assistance. This school was established in

1919 by the Daughters of the American Revolution in South Carolina; adopted at the 29th Continental Congress as a National Society DAR project. It is located at the foothills of the Blue Ridge on state South Carolina Highway 11, at Tamasee, S.C. Its purpose is education and a school home for needy children. It is the only DAR owned boarding school. Every state and some outlying possessions have made contributions toward the growth and maintenance of the school.

It is situated on a tract of 1,200 acres and has 34 buildings. The school is supported by Daughters of the American Revolution through individual and chapter and state gifts.

Boys and girls attending Tamasee come from several states and grades are from kindergarten through 12th grade. There is special emphasis in the school on citizenship, Christian living, and self-help. All students who come to Tamasee are taught how to work on the farm, also on the grounds, in the dining room and kitchen, etc.

In addition to cash donations, the school gratefully accepts items for rummage sales.

"Gifts—large or small—are tax deductible," the chapter's vice regent, Mrs. Joe Ellet said. Also memorial gifts in memory of loved ones are welcomed. "You do not have to be a member of DAR to make a contribution. It may be made direct to the administrator of the school, or by sending a donation through the Friendship Oak Chapter's treasurer, Mrs. Harry S. Walker Jr. of 104219 Bayou Drive, Diamondhead, it was pointed out.

PAUL BOURGEOIS AND ANGELIA MONTI

Monti, Bourgeois to wed October 1

Mr. and Mrs. W. A. Monti of Bay St. Louis announce the forthcoming marriage of their daughter, Angelia Marie Monti, to Paul Edward Bourgeois, son of Mrs. Margaret Bourgeois of Waveland and the late Arthur S. Bourgeois.

The bride-elect is a 1983 graduate of Bay Senior High School. She will be a student at Jefferson Davis Junior College in the fall, and is currently employed with Mason Chamberlain.

She is the granddaughter of Mr. and Mrs. J. M. Robinson of Bay St. Louis.

The prospective groom is a 1974 graduate of Bay Senior High School. He attends Jefferson Davis Junior College and is employed with Otasco.

He is the grandson of the late Mr. and Mrs. Sidney Garcia.

Main Street United Methodist Church in Bay St. Louis will be the setting for the October 1 ceremony at 2 p.m.

Orr, Sharpe wed in Florida

The marriage of Laura Lorraine Sharpe and Jeffrey Jay Orr was solemnized August 20 in an evening ceremony at First United Methodist Church in Homestead, Fla.

The bride is the daughter of Mr. and Mrs. Ronald L. McDonald of Bay St. Louis. The groom's parents are Mr. and Mrs. L. E. Orr of Homestead, Fla.

Rev. Orville Ripley officiated at the double ring ceremony. Baskets of white and pink gladioli, spider mums, carnations and greenery decorated the church.

Nuptial music was provided by Charles Rose of Homestead.

Given in marriage by her step-father, the bride wore a formal gown featuring accordion-pleated organza and lace fashioned with a Victorian neckline and bishop sleeves with tiny covered buttons. Her skirt extended to a cathedral train and her fingertip veil of illusion fell from a caplet of lace and seed pearls.

She carried a cascade of pink and white carnations, baby's breath and fern.

Dana Swink of Metairie, La. was maid of honor. Bridesmaids were Rhonda McDonald of Metairie, step-sister of the bride; and

Elizabeth Roberts and Virginia Hillyer of Homestead.

The attendants were attired in formal gowns of dusty rose tulle with spaghetti strap bodices and matching capelets. They wore picture hats adorned with pink and white carnations and carried bouquets of pink and white carnations and fern with pink ribbon streamers. The maid of honor chose the same ensemble in burgundy.

Scott Snider of Homestead was best man.

Groomsmen were David Orr, brother of the groom; Wayne Pickens and John Murray, all of Homestead.

Mrs. McDonald chose for her daughter's wedding a formal puffed sleeve gown of aqua tulle with white accessories. The mother of the groom wore a street-length gown of aqua lace with white accessories. The bride's grandmother wore a formal gown of pink pleated chiffon.

A reception followed the ceremony at the Homestead Air Force Base Officers' Club. Marilyn Reyes of Homestead assisted at the event.

On return from a wedding trip to Freeport, Grand Bahamas, the couple will reside in Homestead.

Bryant installed auxiliary president

A new auxiliary was instituted in District No. 1 of the Ladies Auxiliary to the Veterans of Foreign Wars of the Department of Mississippi Saturday, September 10, in Ansley, Ms.

State President Edna Earl Shull of Clarksdale made a visit to the Gulf Coast for the purpose of serving as installing officer for this new 25-member auxiliary, to be known as Bayou Caddy Auxiliary 4908.

State officers present at the installation and taking part in the ceremonies were District No. 1 President Mary Fedele and State Junior Vice President Norma Bonney, both of Pass Christian, and Junior Past State President Janice White of Vancleave.

District No. 1 officers Mary Underhill and Dorothy Merrill of Gulfport also attended the installation and installation of officers.

Grace Bryant was installed as auxiliary president. Members of the new auxiliary voted to hold meetings on the first Monday of each month. They are presently meeting in the Ladner Grocery located in

Ansley. The charter will remain open for a 90 day period and any prospective member interested in joining is requested to contact Grace Bryant.

The Ladies Auxiliary to the Veterans of Foreign Wars is dedicated to improving the community through patriotism, service, creative youth programs, cancer aid and research, and protecting veterans' rights. State President Shull has chosen a theme of "Each day is a new beginning with peace and harmony."

using a rainbow as an emblem to promote the "We Care America" national programs, which will be carried out by the 79 auxiliaries throughout Mississippi.

MR. AND MRS. JEFFREY JAY ORR

Duke to head Hancock Chapter Lung Association

The Hancock County Chapter of the Mississippi Lung Association has named officers to serve during 1983-84 in the year-round crusade to prevent and control lung disease.

Mrs. Elda Duke will serve as chairman to direct local programs of education, service and fund-raising.

Other key volunteers include Mrs. Chloita Dorsey, Mr. Brakie Starnes, and Dr. Sidney Garcia, all of Bay St. Louis; and Mrs. Salma George

of Waveland. "We are working to protect and improve the lung health of all Mississippians through expanded programs of 'life and breath'." Mississippi Lung Association programs provide lung disease patients with emergency assistance and educational programs," Mrs. Duke reported.

Other vital education programs include: "Freedom from Smoking," to help those who wish to "kick the cigarette habit;" "Superstuffs," self-help education program for young asthmatic patients and their families; plus information on more than 30 other lung diseases and conditions.

Anyone needing information on educational or patient service programs should contact any member of the local chapter or direct inquiries to the Mississippi Lung Association, P. O. Box 988, Jackson, MS 39206 or telephone 948-3925-5483.

BWGC slates 'Working Together' Fair beautification project

Members of the Bay-Waveland Garden Club met Thursday, September 8, at the Garden Center, 114 Leonhard Ave., Bay St. Louis, for the first program of the 1983-84 year. Mrs. Leland Nybo led the devotional.

Mrs. Raymond Russell introduced Mrs. Donna Banting, editor of the monthly publication, New Orleans Bonsai. Mrs. Banting presented several specimens of her "living sculpture," explained various techniques for developing bonsai, and answered questions about this ancient art.

President Mrs. James

Evans emphasized the theme, "Working Together for a Better Tomorrow," as the group prepares for visitors to the World's Fair Beautification of roadsides and preservation of trees and wildflowers will be of special importance.

Mrs. Leland Nybo reported that the dedication of the Bay St. Louis Library Arboretum will be in October.

Mrs. James Shadoin reported that the September library arrangement for Bay St. Louis was presented by Mrs. John Cook. Mrs. George Baud reported that Mrs. Henry Brokmeler placed an

arrangement in the Waveland Library.

Mrs. John Holmes stated dates for the Flower Show School as October 4, 5, and 6. Strawberry plants were distributed to members to grow and show in the Spring flower show.

Bay DAV, Auxiliary entertain veterans

Chapter No. 50, Disabled American Veterans Auxiliary, and Disabled American Veterans of Bay St. Louis recently entertained 50 pa-

tients from Gulfport Veterans Hospital at a picnic on the hospital grounds.

Games and fishing were included on the program, as well

as a picnic lunch.

Those attending from Chapter No. 50 were Aloise Shiyou; Veterans Administration Volunteers Service Representatives Roland and Hazel Wohlschlegel; Gwen Ishem; Lela Curry, and Herbert Shiyou.

Also recently, the chapter entertained an additional 100 patients from the hospital on an outing and boat ride to Ship Island.

Members from Chapter No. 50 who assisted the patients included Hazel Wohlschlegel, Hugh and Neil Sanford, Jimmy Gaddy and Lewis Maloney.

SECOND BIRTHDAY—Abbie Favre, daughter of Kim and Charlene Favre, celebrated her second birthday August 14 with a "Sesame Street" theme party at the Gulf National Civic Room in Bay St. Louis.

Abbie is the granddaughter of Mr. and Mrs. [unclear] and the great-granddaughter of [unclear]. The party was attended by [unclear] and [unclear].

MYSTERY THRILLER—Julie Kraft stars in "Wait Until Dark," a mystery-thriller by Frederick Knot, Diamondhead Little Theater's second dinner theater show of the season. Performances are Oct. 19, 20, and 21 at the Diamondhead Country Club. Doors open at 6:30 p.m.; dinner is at 7 p.m. and the play at 8:30 p.m. Tickets may be purchased by calling 255-1788, or writing Diamondhead Little Theater, 4403 West Aloha Dr., Bay St. Louis, Ms. 39520. Kraft will play the female lead and Susy Hendrix the blind wife of Sam Hendrix. Kraft, a graduate of St. Mary's Dominican College with a degree in theater arts, has starred in and directed numerous productions with playhouse in both New Orleans and Hollywood, Fla.

Senior Citizens

Happenings

By EVE McDONALD

FISH FRY
The cost of our fish fry has been reduced to \$1.

We have received donations from our cook, Big John Rutherford; Kire Mitchell; Security Savings; and Riemann's Funeral Home.

Be sure to call Rosine to put your name down as soon as possible, 467-9292. Transportation available.

The event will be at McLeod Park, Friday, Sept. 30 at 11 a.m.

CENTER NEWS
Beth Favre is back. We are

happy to have her and you can bet we will be selling sandwiches again to make money for our expanded classes she is working on. More about that later.

We will all miss Louise Schwabacher, but wish him luck in his new life in Illinois with his new wife.

BAZAAR
Wednesday, Oct. 12 is the day of our bazaar. We hope all of you will participate and bring friends to see the center and to buy our sale items. The sale will start at 10 a.m. and will be over after lunch.

We will have mini-sandwiches for sale at \$1, and \$1.50 (roast beef).

RSVP and our Senior Citizen Club usually have dessert sale.

Money Talk

By Norine Barnes

Investing is not a game. It is an exacting science that requires skill, training, knowledge, and discipline. Even with all these factors you will not always make the right decision. The dynamic and fast moving world of investing changes every minute of every day.

Investing is putting money into business, stocks, bonds, real estate, etc., with a hope for profit.

1. When income from salaries and other investments is enough to meet current living expenses and allow for systematic savings.

2. When credit payments are up-to-date. This doesn't mean a mortgage must be paid off before investing. Debt consolidations should be paid off.

3. When you have an emergency fund of three to six month's salary in a safe, relatively liquid savings.

4. When insurance protection is adequate to guard against financial losses due to death, disability, illness, property damage, and liability.

How you should go about investing:

1. Make a money plan. What do you want to accomplish? What are your future needs?

2. Evaluate your assets and liabilities. Complete a net worth statement before making an appointment with a broker.

3. Appraise your tax position. What tax percentage bracket belongs to you? Two investments may compare quite differently if one of them produces income that is tax exempt or subject to capital gains treatment.

4. Think about diversification. It aims to balance low

and high risks, liquidity, debt type obligations, and short and long-term commitment.

5. Learn investment terms. Discuss investments with people who have been successful and those who haven't. Sometimes we learn much from one who hasn't been successful.

6. Be aware on the "Rule of 72." Divide 72 by the amount of interest earned to determine length of time required to double the investment.

7. Learn how to read the stock page.

8. Look at all types of investments.

9. Select a reputable broker or be willing to give some time and study to investing.

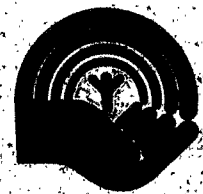

Basic considerations in investing are risk, liquidity, and earnings.

Do homework, increase your knowledge, and be committed to continue to learn about investing.

For the past 11 years I've had the opportunity of working with you as Extension Home Economist and then as Area Consumer Management Specialist. I want to thank you for your support and encouragement.

On Sept. 19 I'll be filling a new position as child and human development specialist for Mississippi Cooperative Extension Service at Mississippi State University.

There will be a new area consumer management specialist to serve you. Please call on her if you have questions about money management.

PAUL MARTIN BACK

Dr. and Mrs. Allan Back of Houston, Tex. announce the birth of their first child, Paul Martin Back, at 12:45 p.m. Tuesday, Sept. 13, 1983 in Hermann Hospital, Houston.

He weighed seven pounds, six ounces.
Mrs. Back is the former Phila Jones of Las Vegas, Nev.

Dr. Back is professor of philosophy at Rice University, Houston.

Paternal grandparents are Mrs. Edith Bierhorst Back of Bay St. Louis and Dr. Kurt W. Back of Durham, N.C.

Maternal grandparents are Mr. and Mrs. Bucky Jones of Las Vegas.

ETV Brief

PREMIERE WEEK

Public television's premiere week officially begins Sunday, Oct. 2, on Mississippi ETV.

With the beginning of the fourth season of "Matinee at the Bijou" at noon and "Masterpiece Theatre's" latest acquisition, "Pictures" starring Wendy Moran and Peter McNery, at 9 p.m.

Other highlights for the week include the following:

— "Great Performances" presentation of "Alice in Wonderland" starring Kate Burton as Alice and her father Richard Burton as the White Knight, 9 p.m., Monday, Oct. 3.

— The premiere episode of "Vietnam: A Television History," an epic overview of the origins and consequences of the war that transformed a generation, 9 p.m., Tuesdays, beginning Oct. 4 (episode two will be seen at 9 p.m., Wednesday, Oct. 5, but the series will resume its regular schedule on Tuesday, Oct. 11, with episode three).

born painter that takes the viewer beyond "American Gothic," 7:30 p.m., Thursday, Oct. 6.

— "The Navigators," recreating the exploration and settlement of Polynesia by navigators who used only the stars, winds, currents and behavior of birds to guide their course, 8 p.m., Thursday, Oct. 6.

— "The Emigrant Saga," a three-part drama starring Liv Ullmann and Max von Sydow about the Swedish exodus to America, 9 p.m., Thursday-Saturday, Oct. 6-8.

— "The All New This Old House" and "Housewarming," two how-to series on home repair, renovation and maintenance, 6 p.m. and 8:30 p.m., respectively, Saturdays, beginning Oct. 8.

Military Mention

PFCKEASBERRY

Marine Pfc. Dennis A. Koushner, 21, of Bay St. Louis, was killed in action during the Vietnam War. He was a member of the 1st Marine Division and was killed on May 1, 1968, at the age of 21. He was buried at the National Cemetery in Arlington, Va.

THE MORMONS

Waveland Ward
Church of Jesus Christ of Latter-Day Saints

By PATTY BALDREE
Ward Director
of Communications

The Relief Society organization of the Waveland Ward of the Church of Jesus Christ of Latter-day Saints will hold two sessions in its monthly homemaking meeting on Wednesday, Sept. 21.

The first session will be at 10 a.m. at the home of Mrs. Frances Sones in Bayou LaCrosse.

The second session will begin at 7 p.m. at the home of Mrs. Irma Day on Margie St. in Waveland.

The theme of these meetings will be "It's Christmas - It's Love."

Mini classes will be conducted at both sessions on the following subjects:

1. Gifts From the Kitchen: finger food recipes; fabulous candy-making; and foods for an open house. This class will be presented by Vickie Homer.

2. Designing Christmas Cards: gift wrap and trims; and gifts the family will like. This class will be presented by Janet Hennessey.

The following additional class will be conducted at the morning session only:

Christmas ornaments in counted cross-stitch and homemade gift ideas. This class will be presented by Rhonda Sones and requires a \$2 fee to cover materials.

Anyone wishing to attend this mini class contact Mrs. Sones at 467-2290.

A home management lesson will be taught at both sessions on "The Nutritionist in the Home." The objective of this lesson is to increase a woman's knowledge of nutrition and its use to improve her family's health.

Refreshments will be served at both sessions and a nursery will be provided for children between the ages of 18 months to five years.

For more information contact Betty Harvey at 467-0513. These meetings are open to all interested women in this area.

MUSICAL AUDITIONS

Auditions for all speaking parts, technical crews, chorus and accompaniment for the musical production "Saturday's Warrior" will be Friday, Sept. 23, 6:30-9 p.m. and Saturday, Sept. 24, 9 a.m.-noon at the Biloxi Chapel, 870 Forrest Avenue.

The auditions are open to people from all denominations and walks-of-life," said Timothy Cahall, director.

"There are speaking parts available for moms and dads and children and youths ages 7-19. We are also putting together technical crews, a chorus, and a musical accompaniment group," Cahall added.

He further explained, "Expressions concerning a pre-mortal life have been voiced by philosophers and poets through the ages. It is a belief that each member of the human race, before entering life, lived in the presence of God and was sent to earth to be tested."

"Saturday's Warrior" romanticizes the Mormon belief in a pre-existence, the promises that are made there and resulting mix-ups that occur in earthlife," Cahall said.

The play was written by Doug Stewart, author of the screenplay for the award-winning motion picture "Where the Red Fern Grows" and "Against a Crooked Sky."

The musical composer for the production is Lex DeAzevedo, who has worked with groups as The Jackson Five, The King Family, The Sonny and Cher Comedy Hour, and The King Family Hour.

The presentation is sponsored by the Gulfport School of the Church of Jesus Christ of Latter-day Saints. For information contact Mrs. Sones at 467-2290, or Betty Harvey at 467-0513.

WOMEN'S MEETINGS: The Relief Society meetings are held on Wednesdays at 10 a.m. and 7 p.m. at the homes of the women in the ward.

will gather Sept. 24 at 6:45 p.m. at the Biloxi Chapel for a women's meeting sponsored by the women's organization of the church.

Girls of Hancock County and the Pass Christian area are invited.

The telecast will be received directly from Salt Lake City via satellite to the chapel.

The church's satellite network is used to telecast meetings simultaneously across the United States. Videotapes of the meetings are sent to congregations of the church where satellite reception is not possible.

"We want to invite all the women in the communities from Picayune to Ocean Springs to attend this meeting," said local church women's leader, Dorothy Hope. "We're excited that we can meet together to attend the women's meeting here in Biloxi, and would like to share that opportunity."

LOCAL PRIMARY

All women from Hancock County and the areas in and around Pass Christian are in-

cluded Church, Elders Stevenson and Lay receive no pay for their labors. They are supported entirely by savings previously accumulated and money donated by their families.

They will each serve a total of 18 months on their missions. Transfers to different cities are made every few months by mission headquarters in Baton Rouge, La.

Elder Stevenson is originally from Mesa, Ariz. where his family still resides.

He attended Mesa Community College and taught tennis before volunteering to become a missionary.

When his term of service is over, he plans to return to school to become a certified public accountant.

Elder Lay is originally from Monroe, Utah, where his family still resides. Before volunteering for his mission he attended Monroe High School and worked in a grocery store.

When he completes his term of service, he plans to return to Utah to attend Provo Tech.

majoring in auto mechanics. The Pass Christian area is a part of the Waveland Ward. Anyone wishing information on the church and its programs may contact Bishop Daniel Sones, 467-4834, or Elders Stevenson and Lay at 452-3597.

ETV Brief

SCIENCE FAIR

A new Mississippi ETV-produced series, scheduled to premiere during this school year, addresses a need that has been identified as a crucial one by students, teachers and parents: assistance in developing science fair projects.

The goals of the programs are to promote understanding of scientific research and to make the investigative process easier for students who are working on science fair projects. The series is designed also to provide a visual experience that will motivate students to conduct research and stimulate their critical thinking abilities.

ELDERS SCOTT STEVENSON AND JOSEPH T. LAY OF PASS CHRISTIAN

Story Hour titles listed

Every Thursday at 10:30 a.m. at the City-County Library in Bay St. Louis story hour is conducted for preschool children from the ages of three to six.

"Ira Sleeps Over," a motion picture film, is the feature of this week's program.

A boy named Ira is invited for the first time to sleep at a friend's house.

He is very happy and excited about it until his older sister demands to know whether or not he plans to bring his teddy bear along.

Will his friend Reggie understand that he loves his teddy bear and has never slept without it?

Ira gets advice from his father, his mother, and his sister, but he must finally make his first big decision all alone.

Where are the publishers to get their supplies? Who is to manufacture and distribute the newspaper, ink, spare parts and other paraphernalia needed to keep the presses running? As publishers throughout the Third World have found, government control of these supplies can be an effective lever against dissent.

And where is the publisher to get his revenue? If he does not want to find himself beholden to the state, his sources had best not include

Editor's Note: The following article, entitled "Economic Freedom and Freedom of the Press" by Brian Summers, member of the staff of the Foundation for Economic Education, Irvington-on-Hudson, N.Y., is furnished to The Sea Coast Echo by Public Research Syndicated of Claremont, Calif.

Freedom of the press? Most Americans hold it next to motherhood and apple pie. Free enterprise? Many of these same people are working hard to abolish it. But can they have it both ways? Can freedom of the press be preserved while economic freedom is being destroyed? Before the last businessman is burned at the stake, let us give the matter some thought.

A good place to begin is with the question of property. Who is to own the printing presses, the buildings that house the presses and the land on which the buildings are situated?

If private ownership is abolished, then they must be owned by the state. Human nature being what it is, it is doubtful if government presses in government buildings on government land would print copy that displeased the government.

Is it any wonder then that Soviet publications like "Pravda" are little more than state propaganda sheets?

Even if a socialist government granted publishers the exclusive right to own property, this would by no means ensure their independence.

The Dreyfus Corporation in Pascagoula is the setting for the program. This facility is important to Mississippi farmers because the transportation of grain crops influences the prices they will bring overseas, and as the program points out, foreign agricultural markets affect the prices of grain crops as much as domestic markets.

Weather forecasts, farm and market reports, a calendar of events and production tips for farmers are part of every "Farmweek" telecast. This series is co-produced by Mississippi ETV and the Mississippi Cooperative Extension Service.

the government.

In capitalist countries the two main sources are sales and advertising. In fact, many free publications exist entirely on their advertising revenues. Without privately financed advertising, many independent voices would be stifled.

In socialist countries there is little need for advertising because there is little or no competition. The government manufactures the only products offered on the market, aside from whatever imports it may permit.

Being an effective monopolist, the state has little reason to advertise. And if the government does buy advertising space, publishers are well aware of where the money is coming from.

Even in a mixed economy like that of the United States, government advertising can have a chilling effect on freedom of the press. Most

newspapers operate on the border between profit and loss. A contract for legal advertising for the county can determine which local newspaper succeeds and which fails.

Which brings us to the ultimate problem: staying in business.

Government interventions in the economy frequently make this all but impossible.

The publisher must contend with endless regulations, the politically generated business cycle, rising taxes and laws that discourage the hiring of nonunion workers.

The last have been particularly damaging. They have not only raised the costs of doing business, they have also led to lengthy strikes that have temporarily—and often permanently—put newspapers out of business.

As even this brief survey reveals, freedom of the press, which so many Americans hold as sacred, is not an isolated freedom. Rather, it is based on the economic freedoms that many Americans, particularly members of the press, view with disdain.

ETV Brief

FARM EXPORTS

The "Farmweek" team will visit Mississippi's only export company with facilities for loading ships for a story about the price influence of foreign agricultural markets when the series airs at 7:30 p.m., Monday, Sept. 19 on Mississippi ETV.

The Dreyfus Corporation in Pascagoula is the setting for the program. This facility is important to Mississippi farmers because the transportation of grain crops influences the prices they will bring overseas, and as the program points out, foreign agricultural markets affect the prices of grain crops as much as domestic markets.

Weather forecasts, farm and market reports, a calendar of events and production tips for farmers are part of every "Farmweek" telecast. This series is co-produced by Mississippi ETV and the Mississippi Cooperative Extension Service.

"I am come that they
might have life, and that
they might have it
more abundantly."

— John 10:10

The Abundant Life

By SHAWN MURPHY

"So I say live by the Spirit, and you will not gratify the desires of the sinful nature. For the sinful nature desires what is contrary to the Spirit, and the Spirit what is contrary to the sinful nature (flesh). They are in conflict with each other, so that you do not do what you want. But if you are led by the Spirit, you are not under law. The acts of the sinful nature are obvious: sexual immorality, impurity, and debauchery; idolatry and witchcraft; hatred, discord, jealousy, fits of rage, selfish ambition, dissensions, factions, and envy; drunkenness, orgies, and the like. I warn you, as I did before, that those who live like this will not inherit the kingdom of God." (Galatians 5:16-21)

The great apostle Paul here states the fact there is a very

real war going on in every human being. The battle is between the flesh and the Spirit. And the battle ground is our mind. To the victor goes control of our lives.

And it is quite easy to tell who we are controlled by, simply by spending 24 hours with someone. I encourage you to spend 24 hours with yourself sometime. By that I mean keep an eye on yourself and take inventory of your thoughts, words, and deeds.

During that period of time make mental notes of how many times your mind gets off into the gutter. Notice whether your thoughts are good and right things or on lustful and hateful ideas.

Also keep an alert ear out to hear yourself speak. Listen to the little whispers that come out even the side of your mouth when a car pulls out in

front of you. Note the way that you talk about other people. Is it generally positive or more often negative?

And what about your motives? When you do something nice for someone is it simply done out of love or is it for the selfish ambition?

If you find that these things are a normal routine of your life then you need to replace them with some good thoughts, words and deeds. You need to be led by the Spirit of God!

"But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness and self-control. Against such things there is no law. Those who belong to Christ Jesus have crucified the sinful nature with its passions and desires. Since we live by the Spirit, let us keep in step with the Spirit. Let us not become conceited, provoking and envying each other." (Galatians 5:22-26)

What the great apostle prescribes is that we listen to God's Spirit rather than to the voice of Satan. And that is to follow the way of love. You see the fruit of the spirit (note fruit is singular) is love. The other words simply describe the way of love. Compare this with the description of love in 1 Corinthians 13.

The Spirit-led individual is joyful, peaceful, patient; kind to everyone, gentle, and self-controlled! Not boastful, drunk, and divisive!

Olivia Newton John sang a song recently called "Let's get Physical." God speaking through the great apostle says to His people "Let's get Spiritual!"

EXAMINE YOURSELF

Examine yourselves to see whether you are in the faith; test yourselves. Do you not realize that Christ Jesus is in you — unless, of course, you fail the test? And I trust that you will discover that we have not failed the test. Now we pray to God that you will not do anything wrong. Not that people will see that we have stood the test but that you will, do what is right even though we may seem to have failed. For we cannot do anything against the truth, but only for the truth. — 11 Corinthians 13:5-8

Paul talks a great deal in this section about "standing

the test." Apparently, our faith demonstrated in our actions is how we stand up to the various tests of our faith.

You have heard the old adage or question, "If persecution came upon our lands, or even if someone was simply taking inventory of your life and Christianity was a crime, would there be enough evidence to convict you of being a Christian?"

Do you do the things that Christ expects of his followers? Do you attend the assemblies and edify the saints? Do you take the Lord's Supper in remembrance of Him? Do you share the good things that Jesus has done for you with those who have never known Him? Do you see someone in need and make very

effort to help? Do you build up or tear down in your conversation?

Be honest, and examine yourself whether you are truly in the faith, test yourself. If Christianity were illegal, would there be enough evidence to prove you faithful?

If not, don't delay getting your life right with the Lord! You need to, your family needs you to, your friends want you to, and Jesus died so that you could!

The Bible says that "every knee shall bow and every tongue confess" at the judgment day. Will you pass the test?

Have you examined yourself lately?

UNO to conduct secretary seminars

"The Job of the Professional Secretary," a one-day seminar designed to help secretaries make their jobs easier and more rewarding, will be conducted Oct. 12 by the University of New Orleans at the Ten-O-One Building Annex, 1001 Howard Avenue.

The seminar, sponsored by the UNO College of Business Administration, will be offered also Oct. 25 at the Holiday Inn-Downtown, Jackson; and Oct. 26 at the Sheraton-Acadiana Hotel, Lafayette, La.

Sharon Reese, president, Professional Systems, Inc., management consultants, will conduct the seminar which will consider such topics as how to plan, organize and control workloads; accomplish more in less time; make better, more informed decisions; handle routine tasks more efficiently; deal with unexpected problems; and improve office teamwork.

Ms. Reese, who is Equal Employment Opportunity (EEO) coordinator for the

Keep frozen poultry hard-frozen until time to thaw, and cook promptly after thawing.

By FR. B. C. KELLER

From the days of the Hebrew scriptures down to the present time, religion has always seen a danger in money: it can come between the person and God. Jesus simply states the dilemma: "You cannot give yourself to God and money."

St. Rose Gospel Choir will participate in the Homecoming Service of Valena C. Jones United Methodist Church this Sunday at 3 p.m.

The Hancock County NAACP Chapter will meet Monday at 7 p.m. at St. Rock United Methodist Church in Waveland.

The Concerned Citizens Organization of Hancock County will meet this Thursday at 7 p.m. in our cafeteria. Reginald Robinson, public school board member, will be present as an invited guest to discuss problems encountered by our children attending public school.

The second collection next week is our annual appeal for the Catholic University of America. CUA was founded by the American bishops and continues to carry out its special mission of training leaders and conducting research for the church in our country. Please make a generous contribution, if possible, increasing your donation from last year.

St. Augustine's Retreat Center is sponsoring a Social Justice Workshop from Sept. 23 to 25. Fr. Bede Smith, SVD, and Sr. Doreen Tobin, CSJ, will give a series of conferences and activities with reflection designed to make participants become increasingly aware of the justice-peace dimension of Christian commitment; the consequences of armaments buildup; economic interdependence; and world poverty for first world Christians.

Workshop starts at 7:30 p.m. Friday and ends after lunch on Sunday. Cost is \$40 overnight; \$15 commuters (meals included).

Call seminary for reservation.

There will be a diocesan celebration of wedding anniversaries at the cathedral in Biloxi on Sunday, Oct. 16 at 11 a.m. Mass.

If you are celebrating a wedding anniversary (20, 25, 30, 35, 40, 45, 50, 55, 60, 65) this year and wish to take part in this celebration, please contact the rectory.

As our CCD teachers com-
